# DRAINAGE NEED SCORE (DNS)

0-100 sales-urgency score: wire format, scoring model, grades/bands, talk tracks.

FLOGUARD, LLC · FLOOD SOLUTIONS & MANAGEMENT · FLOGUARDFL.COM

SALES LIBRARY · 2026-07-22

A 0-100 sales-urgency score for drainage leads. **Sales urgency, not an engineering assessment** — it prioritizes dials; the free on-site assessment does the diagnosing.

## NOTES WIRE FORMAT (PARSED BY THE CRM)

```
DNS <score>/<grade> (<band>) | <signal 1>; <signal 2>; <signal 3>
```

Example: `DNS 82/A (urgent) | standing water 3+ days; musty crawlspace; foundation-side pooling`

The CRM's prospect card parses this line from notes (legacy `WFS` prefix also parses). LeadAgent writes it during scoring.

## SCORING MODEL

Start at 0, add signal points, cap at 100.

**Duration (how long water stands)** — drains within an hour +5 · a few hours +12 · about a day +20 · several days +35 · never fully dries +45

**Location touched** — yard only +5 · driveway/patio/lanai +15 · around the foundation +25 · crawlspace/under home +30 · inside the house +40 (use highest single location)

**Damage signals (stack, max +40)** — mold/musty smell +15 · foundation cracks or moisture +20 · dead grass/erosion +8 · damaged patio/driveway +8 · water inside +25

**Frequency** — heavy storms only +5 · seasonally +10 · every rain +15 · constant +20

**Intent** — timeline ASAP +10 · within a month +5

**Keyword fallback (no quiz data):** notes matching /flood|standing water|days to drain/ +20 · /crawl ?space|musty|mold/ +20 · /foundation/ +20 · /erosion|washout/ +10 · /sump|french drain/ (existing system) +10

## GRADES AND BANDS

| SCORE  | GRADE | BAND     | ACTION                                                 |
|--------|-------|----------|--------------------------------------------------------|
| 85-100 | A     | URGENT   | Dial first, same day; assessment within 24-48h         |
| 70-84  | B     | URGENT   | This week's priority list                              |
| 50-69  | C     | PRIORITY | Normal cadence; "fix before it reaches the slab" frame |
| 30-49  | D     | MONITOR  | Nurture; YardDrainage entry offer                      |
| 0-29   | F     | MONITOR  | Honest check-in only; do not push                      |

## TALK-TRACK GENERATION

Per band, the scorer emits a talk track: urgent → lead with their specific signals + compounding damage + 24-48h slot; priority → free-assessment-as-fact-finding; monitor → seasonal check-in, no pressure.
